Profile

Detail-oriented B.Tech Computer Engineering graduate with hands-on skills in Python, Excel, SQL, data analysis, data visualization, cloud computing, web technologies, and software development. Possess strong analytical, problem-solving, and communication skills, with a willingness to learn and adapt to new technologies. Seeking an entry-level opportunity to apply technical knowledge, gain professional experience, and contribute effectively to organizational goals while growing across diverse technology roles. .

Education

Shah & Anchor Kutchhi Engineering College	Mumbai
Bachelor of Technology (B.Tech.) Computer Engineering	2022–2026
GPA: 7/10	

SS High School And Junior College	Mumbai
HSC	2020–2022
Percentage: 72%	

Seventh Day Adventist English Higher Secondary School	Mumbai
SSC	2010–2020
Percentage: 83.4%	

Projects

Fish Detection System:-

- Developed an AI-powered system using YOLO-based object detection to identify and classify fish species from underwater images and live video streams with high accuracy.
- Implemented a web application with user authentication, image upload, and real-time detection features for efficient marine data analysis.
- Technologies Used: Python, Flask, YOLOv11, HTML, CSS, JavaScript, MySQL

GYM Management System:-

- Digital platform that manages memberships, tracks training schedules, guides workouts, and handles equipment purchases — streamlining all gym operations in one system.
- Technologies Used: MERN Stack

Easy Meds:-

- Medical Shop Management System to efficiently manage medicine stock, billing, sales, and customer records, ensuring smooth and accurate operations in a medical store.
- Technologies Used: HTML, CSS, PHP

E-Library Management:-

- Digital system that allows users to browse, issue, and manage books online, making library access faster, easier, and more organized.
- Technologies Used: HTML, CSS, JavaScript

Certifications

- AWS Cloud Practitioner Essentials Certification — AWS Training and Certification
- C Programming Test Certification — Spoken Tutorial
- Python Programming Test Certification — Spoken Tutorial
- Java Programming Certification — Infosys
- Virtualization and Cloud Computing Certification — Infosys
- Full Stack Development Certification — Infosys Learning
- Tableau Certification — Infosys

Skills & Strengths

Technical Skills: C, Java, Python, HTML, CSS, MERN Stack, Power Bi, Tableau, MS office, SQL, Cloud & Infrastructure: AWS, Cloud Computing, Virtualization, Linux.

Soft Skills: Communication, Teamwork, Problem Solving, Detail-Oriented, Adaptability, Multi-Tasking.

Strengths: Rapid learning, Collaboration, Public speaking, Leadership under pressure.
